7.3.1 Portray the performance of the Institution in one area distinctive to its priority and thrust

This college is not only one of the most innovative and advanced institutions in the South Hooghly region, but it's also one of the oldest. The institute has been promoting its objectives of the impoverished by offering excellent inclusive education that is devoid of prejudice based on caste, creed, or socioeconomic status to all facets of society.

The college/institute has been doing an excellent task providing all of its students with an excellent education while putting an intense focus on their overall development as citizens and making attempts to advance and become employable. The institution has outstanding proficiency in teaching and learning. Teaching-Learning has evolved in these years, with teachers using different teaching pedagogies like use of ICT platforms and e-resources and using virtual methods as well. The focus is mainly on identifying the learning levels of students and taking appropriate measures. There is a facility to study under Netaji Open University IGNOU on our campus. Most notably, under the TCS Affirmative Action Programme, students receive specialised training every year. The institution takes prompt, earnest action to attract and maintain highly qualified and motivated teachers and staff, as well as to provide them with the necessary facilities and equipment.
